

Statutory corporate governance report 2014

Statutory corporate governance report pursuant to section 107 b of the Danish Financial Statements Act

In 2013, the Committee on Corporate Governance published new Recommendations on Corporate Governance, reducing the number of recommendations from 79 to 47. In 2014, it updated the recommendations once again. The Committee has focused on simplifying the recommendations and has, among other things, omitted recommendations on matters which have either been laid down in legislation or which have largely been incorporated into company practice. In addition to this, the Committee on Corporate Governance has focused on the composition of management, the framework for active ownership and companies' value creation.

Danish listed companies must apply the principle of 'comply or explain' in their corporate governance reports.

Tryg is covered by the Recommendations on Corporate Governance. The recommendations are available on the website of the Committee on Corporate Governance at corporategovernance.dk.

This report is a part of the management's review in the annual report 2014.  [Download Tryg's Annual report 2014.](#)

Deviations

The Supervisory Board is of the opinion that Tryg complies with all the recommendations with the exception of item 3.4.2., as the majority of the members of the board committees cannot be deemed to be independent persons.  [See page 8 for an explanation of the deviation under item 3.4.2.](#)

'Comply or explain'

If a company deviates from parts of the recommendations, the company has to explain the reasons for the deviations, cf. section 107 b (1) (iii) of the Danish Financial Statements Act (*Årsregnskabsloven*) and the Recommendations on Corporate Governance. The company has to explain why it has chosen not to comply with a recommendation and what it has chosen to do instead. Failure to comply with a recommendation is not considered a breach of rules, but merely implies that the Supervisory Board of the company has chosen a different approach. A good explanation provides specific insight for stakeholders so that they can decide on possible investments. In order to create the transparency necessary for investors, companies must consider each of the recommendations and provide information on whether or not they will be complying with the recommendation concerned.

If Tryg complies partially with a recommendation, we must specify which parts we are complying with, why we are deviating from the remaining part of the recommendation and what we have chosen to do instead.

Tryg has chosen to provide supplementary information, even in cases where we specifically meet a recommendation, as we believe that this increases transparency.

Four years after the purchase by a member of the Executive Management of a specified number of shares, such member is allocated a corresponding number of free shares in Tryg. The matching shares programme contains clear information about measurability for the award of variable components. There are criteria which ensure that vesting periods for variable components of remuneration agreements are longer than one calendar year.</p> <p>The Executive Management's matching shares contracts do not stipulate a right for the company to reclaim variable salary components. However, allocation of the free shares is conditional on Tryg meeting the applicable capital and solvency requirements at the time of matching. Matching ensures that the requirements in the Executive Order on Remuneration in Financial Enterprises (<i>Lønbeholdningsordningen</i>) on deferred variable pay elements are fulfilled.</p> <p>In 2014, a new provision was added to the remuneration policy, stipulating that the Supervisory Board may, in special circumstances, decide that the fixed remuneration to the Executive Management and risk takers will be supplemented by a variable salary component (bonus) of up to 40% of the fixed basic salary, including pension at the time of allocation.</p>
<p>4.1.3. The Committee recommends that remuneration of members of the Supervisory Board not include share options.</p>	X			<p>The remuneration of the Supervisory Board does not include share or warrant programmes.</p>

Recommendation	Tryg complies	Tryg complies partially	Tryg does not comply	Explanation
4.1.4. The Committee recommends that if share-based remuneration is provided, such programmes be established as roll-over programmes, i.e. the options are granted periodically and should have a maturity of at least three years from the date of allocation.	X			The matching shares programme is not a roll-over programme. Four years after an executive's purchase of a specific number of shares, Tryg allocates a corresponding number of free shares in Tryg to the executive.
4.1.5. The Committee recommends that agreements on termination payments should not amount to more than two years' annual remuneration.	X			Each member of the Executive Management is entitled to 12 months' notice of termination and 12 months' severance pay. However, the Group CEO is entitled to 12 months' notice of termination and 18 months' severance pay.
4.2. Disclosure of the remuneration policy				
4.2.1. The Committee recommends that the company's remuneration policy and compliance with this policy be explained and justified annually in the chairman's statement at the company's general meeting.	X			The Chairman of the Supervisory Board reports on Tryg's remuneration policy each year in connection with the presentation of the annual report at the annual general meeting.
4.2.2. The Committee recommends that the proposed remuneration for the Supervisory Board for the current financial year be approved by the shareholders at the general meeting.	X			The Supervisory Board's proposal for remuneration to the Supervisory Board of Tryg for the current financial year is submitted for approval by the shareholders at the annual general meeting.
4.2.3. The Committee recommends that the total remuneration granted to each member of the Supervisory Board and the Executive Management by the company and other companies in the Group, including information on the most important contents of retention and retirement/resignation schemes, be disclosed in the annual report and that the linkage with the remuneration policy be explained.	X			The annual report provides information on the total remuneration granted to each member of the Supervisory Board and the Executive Management by the company and other consolidated companies, including information on pensions and retention/severance schemes, and explains the linkage with the remuneration policy.
5. Financial reporting, risk management and audits				
5.1. Identification of risks and transparency about other relevant information				
5.1.1. The Committee recommends that the Supervisory Board in the management's review review and account for the most important strategic and business-related risks, risks in connection with the financial reporting as well as for the company's risk management.	X			<p>In the management's review, the Supervisory Board reviews and accounts for the most important strategic and business-related risks, risks in connection with the financial reporting as well as for Tryg's risk management.</p> <p>Being an insurance business, Tryg is subject to the risk management requirements set out in the Danish Financial Business Act (<i>Lov om finansiel virksomhed</i>). The Supervisory Board uses policies to define a risk management framework in Tryg in the areas of insurance risk, investment risk and operational risk as well as IT security.</p> <p>The Risk Committee monitors the risk management on an ongoing basis and reports quarterly to the Board.</p> <p>The Supervisory Board's Audit Committee monitors risks in connection with the financial reporting and reports on this quarterly to the Supervisory Board.</p>

Recommendation	Tryg complies	Tryg complies partially	Tryg does not comply	Explanation
				Tryg engages in an ongoing risk identification process, mapping insurance risks and other risks related to the realisation of Tryg's strategy or which may have a potentially substantial impact on Tryg's financial position. The process involves registering and quantifying the risks identified. In 2014, Tryg once again undertook an Own Risk and Solvency Assessment (ORSA). The purpose of the ORSA is to link strategy, risk management and solvency as the aim of the ORSA is to ensure a sensible correlation between the strategy for assuming risks and the available capital over a period of three to five years.
5.2. Whistleblower scheme				
5.2.1. The Committee recommends that the Supervisory Board decide whether to establish a whistleblower scheme for expedient and confidential notification of possible or suspected wrongdoing.	X			Tryg has set up a whistleblower (Ethical Hotline), which allows employees, customers or business partners to report any serious wrongdoing or suspected irregularities. Reporting takes place in confidence to the Chairman of the Audit Committee and Tryg's Compliance function. The Chairman of the Audit Committee accounts for any reports received by the Audit Committee.
5.3. Contact to auditor				
5.3.1. The Committee recommends that the Supervisory Board ensure regular dialogue and exchange of information between the auditor and the Supervisory Board, including that the Supervisory Board and the audit committee at least once a year meet with the auditor without the Executive Management present. This also applies to the internal auditor, if any.	X			<p>The Supervisory Board ensures that the Group is monitored by competent and independent auditors. The Group's Head of internal audit function attends all board meetings. The independent auditor attends the annual board meeting at which the annual report is presented.</p> <p>Each year, the annual general meeting appoints an independent auditor recommended by the Supervisory Board. In connection with the Supervisory Board's review of the annual report, it discusses the accounting policies and other issues. The results of the audit are discussed in the Audit Committee and at meetings of the Supervisory Board for the purpose of assessing the auditor's observations and conclusions. The internal and independent auditors' long-form audit reports are reviewed by the Supervisory Board at each meeting of the Supervisory Board.</p> <p>At least once a year, the internal and external auditors meet with the Audit Committee without the presence of the Executive Management. The Audit Committee handles any matters that need to be reported to the Supervisory Board.</p>
5.3.2. The Committee recommends that the audit agreement and auditors' fee be agreed between the Supervisory Board and the auditor on the basis of a recommendation from the audit committee.	X			<p>The Audit Committee is presented with a proposal for the external auditors' fee for the coming year when the audit plan is reviewed. On this basis, the Audit Committee recommends that the Supervisory Board approve the independent auditors' fee.</p> <p>Each year, the Audit Committee reviews the framework for the independent auditors' performance of non-audit services.</p>
