TrygVesta webcast presentation – Q2 2009

Certain statements in this presentation are based on the beliefs of our management as well as assumptions made by and information currently available to the management. Forward-looking statements (other than statements of historical fact) regarding our future results of operations, financial condition, cash flows, business strategy, plans and future objectives can generally be identified by terminology such as “targets”, “believes”, “expects”, “aims”, “intends”, “plans”, “seeks”, “will”, “may”, “anticipates”, “continues” or similar expressions.

A number of different factors may cause the actual performance to deviate significantly from the forward-looking statements in this presentation including but not limited to general economic developments, changes in the competitive environment, developments in the financial markets, extraordinary events such as natural disasters or terrorist attacks, changes in legislation or case law and reinsurance.

We urge you to read our annual report available on our website at www.trygvesta.com for a discussion of some of the factors that could affect our future performance and the industry in which we operate.

Should one or more of these risks or uncertainties materialise or should any underlying assumptions prove to be incorrect, our actual financial condition or results of operations could materially differ from that described herein as anticipated, believed, estimated or expected.

We are not under any duty to update any of the forward-looking statements or to conform such statements to actual results, except as may be required by law.

Highlights
